#### **Professional Learning**

Today Mrs Baldwinson is in Peak Hill with a number of secondary staff from the Western Access Program completing an Assessment Professional Learning day. The knowledge Mrs Baldwinson gains will be delivered to all staff in Primary and Secondary. This professional learning includes topics such as:

Why is assessment important? Effectiveness of assessment. DoE Policy Australian Professional Standards for Teachers. Assessment for Learning, Assessment as Learning and Assessment of Learning.

Last week I attended the Lachlan Network Principal's meeting. I presented to the principals a report from my NSW attendance at the Education Symposium and Hattie Masterclass Conference. Other discussion and professional learning centred on the analysis of state data, strategies to -wide improve Literacy and Numeracy results and ways schools can collaborate to share knowledge and expertise.

#### NAIDOC

Last week our school celebrated NAIDOC with the help of a number of visitors and some of our own locals. Our group activity leaders led our students through a range of activities to increase understanding of Australian history and traditional Aboriginal culture. It was a very hands-on, fun and engaging day. A big thank you to everyone involved! Photos from the day are included in the newsletter

## Victor Chang Science Awards

Yesterday Jack Bennet received an award at the Chang Victor Cardiac Research Science Awards. This award celebrates his outstanding achievement in Science and commitment to learning. As a recipient, Jack now has the opportunity to go on a tour of the Victor Chang Cardiac Institute. Jack was one of only 24 students to receive this award. an outstanding achievement.

#### **Work Placement**

## The Red Rattler

The Red Rattler is currently undergoing a make-over. It is being cleaned out and restored inside to be turned into an Art classroom in 2017. We expect this to be a very creative zone and will enable us to make use of the area more effectively.

#### Maintenance

Our school has received a boost to our planned maintenance budget allowing us to repair the verandas of the Primary classrooms and replace the cracked and lifting cement around the front office and the path behind the Secondary classrooms.

#### Mr Garriock's Farewell

On Friday night a large number of people gathered to celebrate the career of Mr Garriock. Lots of stories were told and his career revisited. Thank you to everyone who attended. We wish Mr Garriock all the best in his retirement.

Amanda Thorpe Principal Anti-Racism Contact Officer (ARCO) Principals are required to nominate a member of the teaching staff to be the school's Anti-Racism Contact Officer (ARCO) and receive specialised training to fulfil this role. Our nominated staff member is **Mrs Chrissie Baldwinson**.

The ARCO is the contact between students, staff, parents and community members who wish to make a complaint regarding racism and the appropriate procedure that will be used to resolve the complaint. The ARCO's role can be described under four headings:

## Mediator role

On receiving a complaint, the ARCO, in certain circumstances, may attempt to negotiate an informal resolution.

## Procedural role

If an informal resolution is not appropriate or satisfactory then the complainant has the option of lodging a formal complaint. The ARCO may assist the complainant in writing the complaint, if appropriate. The ARCO may be asked to assist in seeking a resolution through the appropriate formal procedure but it is not the ARCO's role to lead the process. It is the delegate's role to lead the process.

## Educational role

The ARCO can assist the principal to ensure the school community is aware that the school has an ARCO, who the ARCO is and what the ARCO role involves, and promote anti-racism education in the school.

## Monitoring role

The ARCO can assist the principal to maintain records of complaints and allegations concerning racism. If a complaint is resolved then further action is not required but the situation will need to be monitored.

Please do not hesitate to contact the school to speak with our ARCO if a need ever arises.

## SCHOOL STARTING TIME

Parents are reminded that <u>students should not be at</u> <u>school before 8:35am</u>; when a teacher commences duty in the playground.

## Western Challenge Debating Final

Our Year 6 debaters have made it to the final of the Western Challenge once again. Very exciting! The final is against Parkes Public School on Wednesday, 30th November, at 11am. The topic is "that all primary school children should have a Facebook page" and we are the affirmative team.

The debate will be held at Parkes Public School, not Cowra as was previously thought. More information in next week's newsletter. Good luck with your preparation team!

## Agriculture – Natasha Shankelton - Tullamore

In Agriculture, students study the science behind agricultural production. In the Preliminary course students are given an introduction into plant and animal science and apply knowledge to a Farm Case Study. In the HSC course this is further expanded and students apply their knowledge of experimental design to complete a plant density trial using statistics to then analyse their data. We will also be focusing on the challenge of climate change in farming. Below are some photos of our students in the lab at their plant practical day where they were learning about plant anatomy and functions of specific cells.
